TURBO FEEDER

Smart Feeding Starts Here Designed
for Healthy Chick Growth.

Features

- **Easy Access Design:** Low height and wide top opening suitable for small chicks.
- **Anti-Waste Grill:** Prevents feed scattering and ensures even feed distribution.
- **Smooth Surface:** Allows easy cleaning and prevents feed contamination.
- **Lightweight & Portable:** Easy to move and refill during brooding operations.
- **Bright Colour Body:** Attracts chicks to feed, improving feed intake.
- **Available Capacity:** 4kg model.

Construction & Materials

- Made from 100% virgin, food-grade plastic.
- UV-stabilized body to resist sunlight damage.
- Precision-moulded parts for perfect fitting between body and grill.
- Corrosion-free and non-toxic materials ensure safety and long life.
